## 2 Features of the Blue Riband RATS

We recognise that individuals have varying objectives for saving for retirement. As a result, we offer flexibility within the Blue Riband RATS so that each individual can tailor the RATS for their own needs.

We set out below the key features of the different options.

**Enhanced RATS** – suitable for individuals who are looking for a retirement savings vehicle that has access to a core set of low cost index-tracking investments and additional funds selected from a range of investment managers whilst still offering exceptional value for money.

**Specialist RATS** – similar to the Enhanced RATS but also including a number of selected funds in specialist asset classes. This option is only suitable for individuals with knowledge of the investment markets.

RATS TYPE	ENHANCED	SPECIALIST
<b>Investment strategies</b>	Lifestyle (3) or Self Select	Lifestyle (3) or Self Select
<b>Investment funds</b>	16 core funds across a broad range of asset classes. These funds are index-tracking. Also, 8 additional funds selected from a range of investment managers across the major asset classes	16 core funds and 26 additional funds selected from a range of investment managers. These represent a wide set of asset classes including specialist categories

### 3 Key Principles

The key principles behind the Blue Riband RATS are:

EASE OF USE	DESIGN SIMPLICITY
Simple and easy to understand	Easy to setup and cost-effective
Members Booklet setting out the benefits and an Investor's Guide setting out investment options	Lifestyle Strategy which automatically switches investments as you get closer to retirement
Contribution flexibility through tax efficient voluntary contributions, either regular or as a lump sum	Transfers in from other pension arrangements enable you to bring all your pension savings together
Dedicated website	Draw down payments available in a seamless process
Pension projector available to help plan for retirement	Full transparency on costs, no hidden charges
